

## ROBBERS BUSY IN SUGAR CAMP

**Knapp & Jones' General Store  
and John Rhoda's Dwelling  
Are Raided**

House breakers are operating in the town of Sugar Camp, this county. Last Thursday night the general store of Knapp & Jones was broken into and goods to the amount of \$75 were taken. The plunder consisted of two guns, a few boxes of cartridges, several pipes and jack knives and three hundred cigars. The thieves forced an entrance through a basement window and then up through the trap door to the store. That the deed was the work of some one familiar with the premises there is no question. E. W. Knapp, one of the proprietors of the store, states that he has not the least idea as to who is responsible for the robbery. When Mr. and Mrs. John Rhoda returned to their dwelling in Sugar Camp, after spending the winter in the woods, they discovered that the house had been entered and numerous articles of clothing, including Mr. Rhoda's best suit, had disappeared. It is impossible to tell when the theft was committed as the house had not been occupied for several months.

## GOES TO HER REWARD

**Mrs. Wm. Thornell Is Called by Death,  
Tuesday Night**

After an illness of several weeks Mrs. Mary Thornell, wife of W. Thornell, passed away at 9:45 o'clock Tuesday night at her home on South Pelham Street. The cause of death was pulmonary trouble which developed from asthma. For the last few years she had not been in rugged health.

Mr. and Mrs. Thornell moved to this city from Shawano two years ago. During her residence here she made a host of warm friends to whom her demise comes as a sad blow.

Mrs. Thornell was sixty years of age and aside from her husband there are no immediate relatives left to mourn.

Rev. Clemans of the M. E. church conducted funeral services at the residence at 3 o'clock Wednesday afternoon. The remains were taken to Grand Rapids, Wis., this morning for interment. Mr. Thornell's friends deeply sympathize with him in his bereavement.

## MANY HOMELESS MEN.

**The City Jail Is Filled With Tramps  
Every Night**

Thirty homeless men have been provided with lodgings in the City jail by the police within the last four nights. These unfortunate are mainly common tramps who drift into the City from various parts of the country. A number of them are from the big cities where they have spent the winter months.

With the warm days of spring approaching they are now scattering into the smaller towns where the fresh air and less crowded conditions prove inviting to them. All such wanderers who apply to the local officers for beds are quartered at the jail and in the morning are shown the most direct route out of town.

## HORSES HIGH IN MANITOBA

In renewing his subscription to the New North, John Hagan writes from Manitou, Manitoba, that the past winter in that country was delightful. Last fall, however, the weather was so dry that crops were unusually poor. Horses in Manitoba are selling at high prices, commanding all the way from \$400 to \$800 per team.

John Hagan is the son of the late Mr. and Mrs. J. T. Hagan of this city.

Mrs. Hendricks of Mercer was here doing shopping, yesterday.

## CHURCH FOR MONICO

**Catholics Will Build An Edifice In  
That Village**

At a special meeting of the Catholic people of Monico a building committee was selected to make plans and specifications for the erection of a church at that village. Lots for the location of the structure were offered by several of the leading citizens and it was decided to select a site which would present the best view from the business places and principal street.

It is the opinion of Monico Catholics that a church there will serve as a means of settling up the lands in that vicinity. Many prospective buyers object to investing in a district where there is no house of worship. It gives them the impression that the country is not productive enough to afford a church.

In view of this fact the building committee will appeal to all taxpayers for assistance in the good work. Aid will also be solicited of all land owners in the county and of the Wisconsin Advancement Association.

## POLICE RECOVER STOLEN WEAPONS

**Chief Police Straub Finds Guns  
Taken From Kibbon House  
—Boys Are Blamed**

Thursday last Chas. Kibbon reported to Chief of Police Straub, that two guns and other goods had been stolen from his home near the Northwestern tracks just off of Davenport Street. The chief got busy on the case and by Friday afternoon recovered the weapons which had been hidden in the brush in the city park. He also located two young boys whom he believes are guilty of the theft. No arrests have yet been made.

Mr. Kibbon thinks that the house was entered about three weeks ago. Regardless of their exposure to the elements the stolen guns were found to be only slightly damaged. —Slash Harnesses

Two sets of harnesses in the barn of the Wisconsin Veneer Company, which is located near the factory, were cut to pieces by some malicious person last night. The building was broken into through a rear window. It is the opinion of the police that the damage was done by some one who has a grudge against the company. An arrest is expected to follow within a few days.

## DISTRIBUTES PRICE LISTS.

D. A. Kahn, the Woodruff merchant, while in the City Tuesday, made arrangements at this office for the printing of two thousand price lists which he will distribute through the northern part of the county. Mr. Kahn is a strong believer in advertising and asserts that a merchant who wants trade has got to reach for it. In his opinion advertising is necessary for a paying business.

## THANKS, BROTHER HOOPER

F. A. Lowell's friends at Minocqua were circulating nomination papers for him to succeed himself as superintendent of schools of Oneida county, the first of the week. Mr. Lowell has proved a good superintendent during his term and will undoubtedly have no opposition. —Minocqua Times.

## TO AUTO PURCHASERS

The Ishpeming Iron Ore offers the following advice to people who contemplate purchasing automobiles this spring:

A poor car is a poor investment. Just like any other cheap thing. You endanger the life of everyone in the cheap machine built to sell to people who are looking for a lot of car for a little money. Better get a one-cylinder, well-made car for \$800 than a four cylinder, high-powered one for the same price. It will last longer and be safer.

## ANNUAL MEETING OF WOMAN'S CLUB

**New Officers Are Elected and  
Other Important Business  
Is Transacted**

The members of the Woman's Club met at the library Tuesday afternoon for their annual meeting to elect new officers for the coming year and also for the transaction of business pertaining to the Club. After the reading of the minutes of the previous meeting, the retiring President, Mrs. D. J. Cole, addressed the Club in words of heartfelt gratitude for the assistance and courtesy extended to her while acting as presiding officer.

The report of the treasurer, Mrs. Reardon, showed \$115.38 paid to the library board for the sinking fund established by the Club.

Some fine points in parliamentary law came up during a spirited and racy discussion of changing certain articles and by-laws of the constitution of the Club. The members took part with a good deal of wit, humor, and keen intelligence in parliamentary law and its usages.

The following officers were elected for the ensuing year:

Pres.—Mrs. Mildred Shepard.  
Vice-Pres.—Mrs. C. H. Ball.  
Sec.—Mrs. C. A. Richards.  
Trans.—Mrs. A. W. Shelton.

Refreshments were served at the close of the session. The next meeting of the Club will be held October 1, 1911.

"Weave, weave the wool,  
The thread is spun  
The web is wove,  
The work is done." —Gray.

## THIS CITY HAS A FILM EXCHANGE

**Messrs Fisher and Eunson  
Embark In a Brand New  
Business Enterprise**

The Rhinelander Film Exchange is the name of a new business enterprise in this city. The promoters and proprietors of the concern are W. W. Fisher and R. R. Eunson. The company has rented office rooms in the Merchants State bank block and has already established headquarters therein.

As the title implies, the Rhinelander Film Exchange will furnish reels to people engaged in the moving picture show business. All films will be leased to the theatre owners and exchanged among them, thus continually providing each with sets of new subjects as frequently as desired. Aside from the traffic in films the company will always keep in stock a complete store of motion picture supplies such as machine parts, electrical goods and everything pertaining to the business. The film list will consist of six thousand subjects and no repeaters will ever be sent out. All orders will be given careful attention and prompt shipments guaranteed.

Messrs Fisher and Eunson are well and favorably known in this city and both are possessed of keen business ability, which thoroughly fits them for their new undertaking. Mr. Fisher will be in charge of the office work while Mr. Eunson will spend a large share of his time on the road hustling for patronage.

## HURT AT MADISON

Prof. C. O. Marsh of Antigo, who has many acquaintances in this city met with a painful accident in alighting from a street car at Madison, Friday night. He was leaving the platform with his suit case in one hand when the car came to a sudden stop, throwing him to the asphalt pavement and inflicting an injury to one hand that required a doctor's attention. He also received bodily bruises.

## SEND FOR CHARTER

**Fifteen Members Now Comprise The  
New Musicians Union**

The membership of the newly organized musicians' union of this city was increased to fifteen at the meeting at the Armory Sunday afternoon. This number is sufficient to warrant the granting of the required charter which has already been sent for. At the next meeting of the union to be held Sunday April 23, the charter will be opened and remain open for the reception of new members for a period of 30 days. Every musician in the city, whether a member of an orchestra or not, is invited to join. At Sunday's meeting about twenty-five were present and all evidenced considerable interest in the proceedings.

One of the prominent promoters of the organization says that the forming of the union will not affect the prices for orchestra services here. The rates will remain the same. The chief object of the union is to bring the musicians closer together and encourage the spirit of brotherhood among them.

## GIVES LAST TALK SUNDAY EVENING

**Rev. Grant Clark Finishes His  
Series of Addresses On  
Socialism**

Rev. Grant Clark concluded his series of Sunday evening addresses on texts selected by local Socialists, last Sunday evening, his subject being, "The Kingdom of God on Earth." His sermon was based on the following texts:

"God hath made of one blood all nations of men for to dwell on all the face of the earth." Acts 17:26.

"The kingdom of this world is become the kingdom of our Lord, and of His Christ." Rev. 11:15.

The following are excerpts from the address:

"The Socialists, in selecting these texts for me, also make the following comments:

Socialism has a great ideal—the co-operative commonwealth: Christianity has a social ideal—the kingdom of God on earth."

"That is, the Socialists claim that the ideal of Socialism is practically the same as the ideal of Christianity. I presume that no one will dispute this. Encyclopedia Britannica says, 'That the ethics of Socialism and the Ethics of Christianity are identical. I, myself, think this is true. But we must not confuse the ethics of Socialism with the methods of Socialism. We may all admire the ideal for which pure Socialism claims to be working, and yet repudiate the method of Socialism on the ground that it is unworkable.'

As to the text in Acts: "God made of one blood all nations of men." Let me say that this doctrine of Universal Brotherhood is not peculiar to Socialism. Christianity, everywhere, recognizes this as a fundamental truth.

Now as to the coming of the Kingdom of God on earth: This does not mean that all nations are to be brought under one form of government. It does mean that the spirit of Christianity is to become dominant throughout the world. That is, it is to become a kingdom of righteousness and universal brotherhood. The phrase refers to no special form of government, but to its spirit."

## QUIET IN OKLAHOMA

John Masterson, a sawyer of this city who went to Oklahoma City, Okla., two weeks ago, returns word that times are exceedingly quiet there and that hundreds of men are walking the streets. Jobs are as scarce as the proverbial hen's teeth and many a man is forced to retire to his cheap bed at night feeling the pangs of hunger.

John has been in the southwestern city long enough to wish he was back in old Wisconsin and unless something unexpected comes his way, he will soon be in Rhinelander again.

## LESTER DAWSON MAY RETURN HERE

**Attorney Miller Thinks Lad Is  
Willing to Testify In The  
Reitsch Case**

In asking for a continuance of the case of the state of Wisconsin vs. August Reitsch, which was on the calendar at the present term of court, S. B. Miller, attorney for the defense, gave as his reason for such that it was impossible at this time for three of the material witnesses for Reitsch to be present at court. One of the trio is Lester Dawson, whom Mr. Miller believes would be willing to return to Rhinelander and testify in the case.

Dawson is himself a fugitive from justice. Since his sensational departure from this city, nearly a year ago, it is understood that he has been living in Eastern Canada. There is standing for him in this county a warrant charging him with a statutory offense against the same girl, Albertine Grenier, whom Reitsch is accused of wronging.

## WILLETTE IS GIVEN \$2,250

**Supreme Court Allows Him This  
Amount On New Trial**

Holland & Lovett achieved quite a victory in the Supreme Court last week. It was on an action brought by them for Jos. Willette of Rhinelander, a brother of Fred Willette of this city, against the Rhinelander Paper Co., Willette suffered the loss of parts of three fingers of his left hand while employed for the defendant company. The trial court jury awarded a verdict for \$4500 but the court refused to enter judgment in accordance with the verdict. The supreme court has given the plaintiff an option of accepting judgment for \$2250 or a new trial. The case was a very interesting one from a legal point of view as it involved several delicate points of law and established a precedent in supreme court decisions. The victory won by our local law firm is regarded as a notable one. H. P. Bird, the noted Wausau lawyer, appeared for the defense. —Park Falls Herald.

## ENGAGES TALENTED VIOLINIST

**John Brueggemann Is Secured By  
Military Orchestra**

Manager Danner, of the Military orchestra, announces that he has engaged the services of John J. Brueggemann, an accomplished violinist of Indiana, as director. Mr. Brueggemann, accompanied by his wife who is a talented pianist and vocalist, will arrive in this city about April 14.

Mr. Brueggemann has had years of experience in orchestra work in states of the middle west and comes to Rhinelander highly recommended. He is an able instructor on the violin and will endeavor to organize a class on this instrument here. All who desire to receive lessons from him can obtain necessary information from Mr. Danner. Mrs. Brueggemann will also give lessons on the piano and in voice culture.

In securing these musicians Mr. Danner considers himself fortunate.

## SCHOOL BOARD BARS CIGARETTE

At a special meeting of the Appleton school board called by Mayor Canavan, the senior and two junior high school students, who had been notified by Principal Keller that they could not receive their diplomas because they smoked cigarettes, were reinstated. The board, however, placed a ban on cigarettes in the future, and commended the principal upon his efforts in that direction.

For your timothy and clover seed, see P. J. Koelzer.

## DISCUSSES LIGHTING COMPANY

**Lynn Thompson Explains The Matter  
Of Lower Rates**

At the city hall last evening Lynn Thompson, of this city, in a short talk explained to his hearers why the Rhinelander Lighting Company should lower their rates to the consumers. He produced facts and figures on the operating expenses of different lighting plants throughout the state and plainly showed that the local company could well afford to make cheaper rates and still declare substantial dividends to its stockholders.

Oscar Ameringer gave another address on Socialism, selecting for his subject, "Class Struggles in America." He made statements which tended to show that the majority of signers of the American constitution were not men to be looked upon as perfect. He said that several of them were engaged in the struggling business, and added that the constitution was not drawn for the benefit of the masses but for the benefit of the few. He also declared that the president of the United States had more power than a king. It was possible, Mr. Ameringer stated, for the five judges of the United States supreme court to throw aside any wish of the ninety million people.

Mr. Ameringer's address was attentively listened to and the audience voiced its approval of his remarks by frequent applause.

## EVERYBODY IRISH ON MARCH 17TH

**St. Patrick's Day Is Well Observed  
By The People of  
Rhinelander**

Had the man who wrote the song, "Ireland Isn't Ireland Any More," been in Rhinelander on the 17th of March, he would no doubt have arrived at the conclusion that as far as the natives here are concerned, Ireland is still on the map as prominent as ever. About every one took pride in displaying the green and the showing of Emerald ribbons and imitation shamrocks could not have been outclassed in dear old Cork itself. Queer, how many people claim to be Irish on St. Patrick's day. Even Ye Pe Wu, high potentate of the Chinese colony, was not without his bit of green.

The St. Patrick's day celebration in this city was in charge of the Ancient Order of Hibernians. In the morning at ten o'clock the members of the order formed in line at their hall and to the music of the Military band marched up Stevens and down Brown Streets to St. Mary's church where Rev. Dr. Leinfelder delivered an eloquent and appropriate address. The services were well attended.

In the procession to the church the band played all the old familiar tunes of Erin and also gave a short concert at the Merchants State bank corner. As marshal of the day Jas. O'Malley cut a swath that would have made the shades of Robert Emmet, Tom Moore and other Irish notables, turn green with envy. "Jim" would even have caused Mr. Dooley to feel jealous.

At noon the Daughters of the Faith served a right folke dinner in the M. W. A. hall. Scores of people partook of the spread.

The ball given by the Hibernians at the Armory in the evening was an enjoyable function and liberally patronized. Thus ended another St. Patrick's day in Rhinelander. "Erin Go Braugh!"

## AFTER TROUT FRY.

The car, Badger, of the Wisconsin Fish Commission, passed through the city over the Northwestern road, Tuesday afternoon, bound for Bayfield where it will take on a stock of brook trout fry for the state hatchery at Wild Rose. The car was at Minocqua last Friday. When the Badger makes its appearance it means that there is no question but what spring is here.

### EVENTS OF WEEK IN OTHER TOWNS

#### Items of More or Less Importance Boiled Down From Neighboring Exchanges

##### Marshfield

Burglars have been operating in this vicinity for the past three weeks and took \$200 from the Pittsfield post office. At Anburndale three men entered the store of Mrs. E. Frederick for the purpose of robbery. They were interrupted in their work by the appearance of the proprietress who was fired on by the trio as they fled from the building. Mrs. Frederick escaped unhurt.

##### Merrill

H. C. Spear & Co. of Chicago were the purchasers of the \$40,000 issue of county jail bonds at a premium of \$390. At the county board meeting last January the bond issue was authorized and four per cent was fixed as the rate of interest. At that rate it was found impossible to sell the issue and it was necessary to call a special meeting of the board to raise the rate to four and one-half per cent. Bids were submitted by several companies.

##### Clintonville

Mayor Prenzlow and John Kales of this city are endeavoring to obtain a large colony of settlers for this locality who will devote their time to truck farming. The above gentlemen are at present negotiating with the president of a colony association who will use his efforts in bringing new residents to the county. Options have been secured on 400 acres of land close to Clintonville on which it is proposed to establish the colony.

##### Anigo

Six women and two men, all residents of the city, were arrested by a Northwestern railway detective on the charge of stealing coal from the

company. All pleaded guilty before Judge Orden, in municipal court and sentences were suspended on their agreement to pay all costs of the case.

##### Washburn

The supreme court affirmed the decision of the lower court in the case of R. A. Hering vs. the Dynamite Co. This will result in the case being returned to Bayfield Co. for trial at the May term of circuit court. For injuries sustained while employed in the Dynamite Company's plant at Barksdale, Hering is attempting to collect \$50,000 damages.

##### Ironwood

The question of granting the Gogebic and Iron Counties' Railway & Light Company new franchises for electric lighting and street railway plants will be submitted to a vote of the people, April 3rd. The Twin City General Electric Company has given an option of six months to the Gogebic and Iron Counties' company for the purchase of its holdings here. The report made is untrue.

##### Prentice

About \$30,000 will be expended by John B. Dahl of Chicago in the building of a summer resort on his land near Ogema. The resort will be erected on a pretty site close to a well stocked trout stream and will be fitted with all modern conveniences including electric lights and baths. Mr. Dahl believes that the proposition will prove a paying one and hopes to attract hundreds of people from all parts of the country, annually.

##### Marquette

The mill of the Bird & Wells Lbr. Co. will be closed permanently on April 1. The men employed in Wausau will begin moving to Menominee in June. The pay roll of this mill is over \$10,000.

##### Wausau

Marathon county contains deposits of tin, according to a discovery when blasting was being done for the tail race of the H. E. McEachron Company's water tower in this city. A rock blown out of the tail race was sent away to be analyzed and the report received was to the effect that it contained tin of sufficient quantity to warrant a full exploration of the field.

##### Stevens Point

A deposit of material has been discovered in the town of Weston, Marathon county which has been found to be valuable for polishing purposes. Prof. G. E. Culver of the Stevens Point normal school, to whom a sample of the deposits was sent for analysis, reports the material to be infusorial earth, consisting of the silicious skeletons of minute plants called diatoms. The substance resembles chalk. The deposits cover five acres. A company to be known as the Wausau-Rothschild Metal and Glass Polish company has been formed to put it on the market.

##### Marshfield

The new Wood county asylum, which is being erected at a cost of \$100,000 and is pronounced a model for such institutions throughout the country, will be ready for occupancy about July 1. Accommodations are provided for 175 patients.

##### Crandon

Forest county has a new town, known as Alvin, the territory for which was taken from the towns of North Crandon and Caswell. The Crandon Republican says that the town is made up of a fractional part of 41-13 and 42-13 and 40-13 of North Crandon, and 10-14 and 41-14 of Caswell. The forming of this new town will help to settle the northeastern part of Forest county materially and will be of great convenience to the people up there.

### SHORTY McCABE.

Have you made the acquaintance of the latest hit in American humor—Sewell Ford's "Shorty McCabe" and

"Torchy" stories? If not, you are missing a heap of fun. Thousands of men buy the Sunday issue of The Chicago Record-Herald just for the laughs they get out of this one famous feature, or, rather, these two alternating features, for Shorty and Torchy are now appearing on alternate Sundays. One is as funny as the other.

Sewell Ford is a humorist—the real thing—and he beats George Ade and Mr. Dooley in the art of telling a good story. It is a genuine story every time, with a hilariously funny plot and with characters that are alive and kicking.

Shorty McCabe and his better half, Sadie, with their laughable adventures in New York society, can be found and enjoyed only in the Sunday Magazine of The Record-Herald, whose editor has the honor of having discovered Sewell Ford's powers as a humorist. The same is true of Torchy, the red-headed office boy of merry fame. This unique magazine is filled with good fiction and timely articles every Sunday, but nothing seems able to overshadow the perennial interest of the Shorty and Torchy yarns, which appear in every issue throughout the year. Wherever you

go you hear people talking and laughing over them. It begins to be a question whether Shorty McCabe is not the most popular person in the United States.

### KILLED IN MONTANA

Oscar Berggren Meets with Fatal Accident On Railroad

Oscar Berggren Jr., a cousin of Axel Lindgren of this city and who left Rhinelander for the West four years ago, was killed by a Chicago, Milwaukee & Puget Sound work train near Three Forks, Mont., March 12.

Berggren was employed as car inspector by the company and it was while on duty that he slipped under the wheels of the train, meeting with fatal injuries. He was twenty-four years of age and a native of Ashland, Wis. The funeral was held at Three Forks under the auspices of the Masonic lodge. The young man was also a member of the Modern Woodman lodge and the Car Repairer's Union.

Mrs. Peter Egloff entertained at cards at her home on the south side St. Patrick's evening. The decorations were in green.

**NOT ONLY IN MILWAUKEE**  
Every newspaper in Milwaukee is controlled by the large capitalists. The editors, who are hired employees, would not be allowed to tell the truth even if they would like to for fear of losing their bread and butter. That poor devil of an editor is owned body and soul by the special interests and must write what they dictate or off goes his head.  
**OSCAR AMERINGER** in speech at City Hall, Monday evening, March 20.

This condition does not only apply to Milwaukee alone, but exists in every community where there is a newspaper owned by the money crowd.

It seems too ridiculous for anything to see so much special legislation for Milwaukee. Special legislation should be opposed.

It is learned that E. W. Knapp is to be a candidate for Chairman of the Town of Sugar Camp. Mr. Knapp was a most valuable official for his town and Oneida County when he served before. It is just to say that there was not a more influential member on the whole County Board.

The Rhinelander News had several half-tone cuts of prominent men and a number of its stock holders in last week's issue. We have been wondering why they did not run a half-tone of Bro. Lowell also, as we understand he is also a stockholder of that concern.—Milwaukee Times.

**GOOD MEN ARE WANTED.**  
In the coming election the work of every official now in office should be analyzed as to accommodation to the public, efficiency in office, honesty and moral effect upon the community. Because a new candidate needs or wishes the office is not sufficient. It is whether he is going to be of better service to the community than the present incumbent or not. We should vote for the good competent, clean, public servants.

It now looks as though the tyrannical corrupt rule of President Diaz must fall in Mexico and we hope there will be no effort made by the other powers to bolster up this mild despot and his corrupt cabinet. The people should rule.

**FINAL BOARD MEETING**  
The last meeting of the Oneida County Board for the current term opened Tuesday afternoon and closed last evening. All members were present except Wm. Meyers of Enterprise,

who is critically ill at his home, and E. W. Behlke of Hazelhurst.  
As this was the last meeting of the year, much business was closed up for this board and many things were started to be continued at the first meeting of the new board when elected. The long continued fight which has always been led with much vigor by J. M. Scott of Lynne for a road connecting Rhinelander with the west side of the county seems at last to have brought definite results. A committee consisting of Henry Wuback, Matt Coniff, George Marshall, J. J. Lubold and Jerry Dunn are to go ahead and complete plans for building this road. Steps were taken for building a road between Rhinelander and Gagn to the East which is needed almost as much as the road to the West. As rapidly as possible every corner of the County should have a good road pointing to Rhinelander, the county seat. As a whole the present County Board has done most excellent service for the County and should be reelected again. Of course there are always a few grand stand players who wish to be in the center of the ring and such should be wed out. What should be required of officials is knowledge of conditions and results.  
Last evening at the close of the session a general merry making took place which all seemed to enjoy.

**RHINELANDER LIGHTING CO.**

If the gross operating income of the Rhinelander Lighting Company during the last year reported by it to the Railroad Commission was \$24,649.43, it becomes necessary in ascertaining its net income to determine how much of this sum was actually expended in the operation of the plant. If the Commission should find the amount charged to this item excessive the result would be a larger showing of profit on the investment which would directly affect the question of reasonableness of rates charged.

In its last report to the Commission, under the head of "Operating Expenses," the Lighting Company reports its total operating expense for that year as \$19,632.11. Of this amount \$1704.72 represents depreciation, and \$636.53 represents taxes, leaving a balance of \$16,290.86 charged to other expenditures in this class. That the cost of operating this plant for a year should assume these proportions will doubtless create some surprise, and this may not be lessened by the fact that the total amount expended for power, which is generally considered the bulk of the operating cost, was only \$3100.00, according to the report; the power being obtained from the Rhinelander Power Company, an independent concern. That the cost of steam power is two or three times greater than that of water power is quite generally known.

With the charge for depreciation, taxes and power deducted from the reported cost of operation we have a balance of \$11,190.86. Of what charges is this balance made up? According to the report \$1237.23 was paid to "Laborers" and others \$1130.77 to its two "sub station and transformer station men", while the sum of \$5580.60 is charged to "Executive officers and salaries".

That the item of \$5580.00 charged to executive officers and salaries forms a material part of the amount charged to operation is obvious, and the public may well be interested in having its

reasonableness as an operating charge verified. It is our belief that an investigation by the Commission would result in its amendment beyond recognition. The city has for years past paid its superintendent of water works a salary of \$100.00 per year. That such compensation is inadequate is conceded by all, but the amount may be doubled several times and still be useful as a comparison.  
Other features of this question will be discussed in subsequent issues.

**PROF. MOORE TO ADDRESS FARMERS**

**Wisconsin's Famous Corn Expert will Be in This City On April 13th.**

Prof. R. R. Moore, of the Agricultural department of the state university, will address the farmers of Oneida county at the city hall in this city, Thursday afternoon, April 13. He will distribute samples of Wisconsin's famous golden glow corn to all interested.

Are the farmers interested in corn? Would they like to see it given a good fair trial in this county? In order to give it a good fair trial the conditions here must be investigated and every favorable condition taken advantage of and all unfavorable ones eliminated. The advice of an expert will save many failures. He can point out the troubles he met and the manner in which he over came them, and in the end successfully raised corn in places it had never been raised before; of a quality never obtained before and in quantities per acre never before attained. When it is possible to hear such an expert as Prof. Moore, the farmers should not miss the opportunity.

**"THE ROSARY."**

I have always believed that a play dealing with the tremendous power of our human thoughts was really needed upon the stage. Men women rise in the morning and go about their work heedless of the fact that it is their own attitude of mind that brings them success or failure.

That is what is shown in "The Rosary," a beautiful new play from the pen of Edward E. Rose and produced by Messrs. Gaskell & MacVitty, which will play at the Opera House next Thursday, March 30.

You can see the effect of thought upon the different individuals. One character is that of a business man happily married to a wife who loves him. But his thought is wrong. He harbors fear, doubt and unbelief in the good that lies all around him. He loses all, fortune, friends, home, wife, even his own self-respect. How does it all end? Go and see "The Rosary." It comes direct from three months in Chicago.

**SUNDAY CLOSING HERE**

The movement for the closing of postoffices on Sunday is extending throughout the nation and has already taken effect in many cities, including Milwaukee. The New North, which was the first newspaper to advocate Sunday closing of the local postoffice, is pleased to announce that the sentiment of the patrons is strongly in favor of the movement. A petition circulated in order to ascertain the disposition of Rhinelander people in the matter received hundreds of signatures. Assistant Postmaster Reed informs this paper that Sunday closing of the office will soon be in order. The news is received with joy by the carriers, clerks and other employees of Uncle Sam's postal service in this city.

**RETURNS WITH LATEST STYLES**

While in Chicago last week Miss A. L. Rosemark attended meetings of the dressmakers' club of that city at which she gained many valuable pointers in new dressmaking styles. She studied all the late designs and will give to the ladies of Rhinelander the same fashionable garments which will be in vogue in all the big cities. Her parlors on Davenport street are now open for the spring trade.

Miss Rosemark met her sister, Paula Rosemark, of Cleveland, Ohio, in Chicago and the two had an enjoyable visit.

**COURT ADJOURNS UNTIL MONDAY**

**Judge Reid is Obligated to Postpone Work Owing to His Sister's Death**

Owing to a message announcing the death of a sister, Judge A. H. Reid adjourned circuit court Wednesday for the remainder of the week. A jury in the case of Wm. Brace, charged with larceny, has been empaneled and the trial will begin next Monday.

In the suit of Anton Neuwirth vs. the Northwestern Railway Company, after all evidence had been presented and arguments completed, the court took the case away from the jury and decided in favor of the defendant company, holding that the plaintiff had no cause for action.

The jury in the case of Clarence J. Secard vs. the Rhinelander Lighting Company returned a verdict of \$2,071 for the plaintiff. Mr. Secard sued to recover \$10,000 damages for the death of his little daughter, who was killed last October by falling into a post hole dug by employees of the said lighting company. He was represented by Attorneys Barton & Ray of St. Paul and the defendants by Attorney E. D. Minalan of this city.

## BIG LOG LOADS

20,000 Feet Frequently Hauled at The Neopit Camps

Neopit, Wis., March 19th '11

Editor "New North", Rhinelander, Wis.

Dear Sir:-

In the "New North" of March 9th I read an article stating that W. Haviland had hauled 14,000 ft. of logs on onesleigh with one team. All the boys had a big laugh over it. I took my camera and went out to the landing and took a "snapshot" at the first load that came down. I had the scaler scale it and here is the picture with the actual scale 20,850 ft. The load was at the landing when photographed.

This load was hauled in the ordinary course of the days work and no one had any idea that they were doing anything out of the ordinary. The chances are if I had waited I could have caught a load far larger. We hauled 69 days at this camp with three teams and landed 7,962,000 ft. So you see we had to load some. The 14,000 ft. load would be a joke here.

We would haul logs on the supply sleighs if we didn't have to haul more than 14,000 ft. You can show Mr. Haviland this picture and tell him he can leave the cigars in the care of the "New North" and I will call for them.

Your truly,  
John Peterson

## WEIGHING THE MAILS

Government Soon to Renew Contracts With Railroads.

Every four years the United States government makes a renewal of its contract with the different railroads for the carrying of mail. Previous to the making of such contract the country is divided into certain districts and post offices no matter of what class must for a period of 103 days weigh every piece of mail coming in and going out of the offices. This is done at the request of the post office department so that when the contract is to be let during the first part of July it can be put to the railroads what amount of mail they can expect to handle. The state of Wisconsin is in the Third District and the weighing of mails will continue 103 days.

BETTER BARGAINS AT HOME

The tremendous profits which the mail order houses have made the past year show that their patrons did not get the bargains they have supposed. To read the catalogues one would suppose that they were practically giving away things out of sheer goodness of heart. But the truth is that taking quality, measure, and other things into consideration the man who patronizes such concerns does not do nearly so well as if he bought of his home merchants. The quality of mail order goods is usually inferior, there is generally a shortage in quality and measure, especially in canned goods and there are often vexatious delays and losses for the man who buys. The fact that one mail order house last year cleared six million dollars profits speaks for itself.—Hurley Miner.

## ARBOR DAY IS FIFTH OF MAY

Governor McGovern Issues Proclamation Designating The Above Date

The Wisconsin Arbor and Bird Day Annual for 1911 has been issued by C. P. Cary, state superintendent of schools, and will soon be distributed by him to the county superintendents who in turn will send the booklets to the teachers under their supervision. The Annual this year is an unusually bright publication, full of appropriate material for Arbor Day programs. It contains a number of illustrations and six beautiful colored plates of Wisconsin birds.

In a proclamation Governor McGovern designates Friday, May 5th as Arbor and Bird Day in Wisconsin.

Governor's Proclamation

By authority of law and in harmony with custom, I, Francis E. McGovern, Governor of the State of Wisconsin, do hereby designate Friday, May 5th as Arbor and Bird Day.

To create in the children of our schools an interest in trees, shrubs, flowers and birds and to cultivate an appreciation of the beauties of nature, Arbor and Bird Day has been established. It is therefore recommended that this day be utilized by the people and schools in making their surroundings attractive by the planting of trees, shrubs and flowers.

In the hope that there may be an earnest and intelligent effort to enlist the sympathies and services of all the people, more especially in our rural and suburban communities, in improving the surroundings of homes and school houses, I hereby publish this proclamation.

In Testimony Whereof, I have hereunto set my hand and caused the

Great Seal of the State of Wisconsin to be affixed. Done at the Capitol, in the City of Madison, in the year of our Lord, one thousand nine hundred and eleven.

## THIS KICK IS MADE BY FARMER

### Mason Miller Tells Why The Mail Order Houses Do So Much Business

Editor New North:—

I observed an article in last week's New North regarding the enormous business done last year by the mail order house of Sears Roebuck & Co. Chicago, and also in the same article a few words censuring the people for not patronizing home merchants.

I, as a farmer, ask why the farmers should give trade to the Rhinelander merchants when there is not a hitching post on the streets, or a shed in the city in which one can shelter his team.

If a person drives to funeral services at one of the Rhinelander churches there is not a place obtainable for his horses. This is a matter which I think it would be well for the merchants to act upon. If they want to get more of the farmers' patronage. They should also advertise a little more in the home papers so the farmer, as well as others can see their bargains. Another thing—I think that there should be a market place where the farmer can go and sell his produce instead of driving all about the city trying to distribute it. As it is now he is forced to canvass not only the business places but all of the residence section in his efforts to dispose of his produce, and then he is frequently obliged to tote it back home without making a sale.

Your humble servant,  
 MASON MILLER,  
 Murphysville, Wis.

## A YOUNG CARTOONIST

Leo Witter Displays Marked Ability As An Artist

Rhinelander has a young cartoonist who in all probability will be heard of some day in the outside world. He is Leo Witter, the son of Mr. and Mrs. Ed. Witter of 113 Basca st. That the boy is an artist of talent can be readily seen in the cartoons which he has drawn. His subjects are of a political nature and his caricatures of men prominent in the public eye are faithfully produced. Leo keeps awake on all events of national interest and his drawings give one a clear conception of the important political situations of the times.

For several months he has been receiving instructions through mail from W. L. Evans, a cartoonist of Cleveland, Ohio. Leo has made such fine progress in his work that Mr. Evans hopes to soon place him in a position with a large daily newspaper.

## BUSINESS COLLEGE NOTES

Miss Myrtle Lindberg enrolled this week in our Night School.

We have just received our new catalogs from the press and shall be pleased to present one to our friends desiring same.

The subject of Lumbering has caused considerable interest to be shown in the Commercial Arithmetic Class, during the past two weeks. Some of the members are becoming quite expert in the figuring of invoices of lumber.

Mr. Gale W. Huber, of Minocqua, gave the college a pleasant call Tuesday. Mr. Huber was a student with us during the summer of 1909 and now is holding a good position in the offices of the C. M. & St. P. Ry. Company at Wausau, Wis.

Miss Lola Billings, who is taking the Stenographic Course, is acting as Cashier at Jacobson's Department Store afternoons during the rush of Spring trade.

## JUDGE BARNES A HUMORIST

The decision of the state supreme court in the case of Farmer Koplin vs. Farmer Quade, involving the "Morganatic marriage" of a thoroughly bred Holstein-Friesian Heifer and a local bull, has given Associate Justice John Barnes, who wrote the opinion of the high court, a reputation as a humorist. This opinion was published in last Thursday's Milwaukee Sentinel and was read with amusement by Justice Barnes' friend in this city. The paper also contained a likeness of Mr. Barnes in connection with the article.

## 175 TAKE JOURNALISM.

That 175 students have enrolled in the classes in Journalism at the university this year, an increase of over 50 per cent above the number last year, is shown by statistics just compiled for the new bulletin of the course in Journalism. Of these 175, 153 are in classes in newspaper work and 22 are in the class in agricultural Journalism. The students represent 13 states, and two foreign countries, one student being an East Indian from Calcutta, and the other an Armenian from Harport, Turkey. The states represented by students in Journalism include New York, California, Michigan, Colorado, Ohio, Kansas, Minnesota, Texas, Indiana, South Dakota, Iowa, Illinois, and the District of Columbia.

H. D. Johnston of Gagen was in the city Saturday.

## FLASHES FROM THE HEADLIGHT

Items of News Pertaining To The Soo and Northwestern Railroads

John Oik of Antigo, superintendent of bridges and buildings on the Northwestern Ashland division, was in the city on official business, Monday.

Comfortable new benches have been placed in the Northwestern passenger depot in this city. The old seats which long ago outlived their service have been consigned to the scrap heap. It is learned that the company intends making other improvements in the building this spring.

A night switch crew has again been put on duty in the Soo line yards in this city. The crew is in charge of Ed. Schellenger, yardmaster. Engineer Gunn pulls the throttle on old 454, the locomotive which was reinstalled this week after being out of service two months. Increase in business, which always comes at this time of the year has necessitated a night crew.

Newspapers in cities along the Chicago division of the Soo line, formerly the Wisconsin Central, are commenting on the long freight trains which the Soo is pulling over that part of the road. Long Soo freights with heavy loads have for many years been a familiar sight to the people of Rhinelander. A train of fifty or sixty loaded cars is a common daily occurrence on this line of the road. The residents of Chippewa Falls, Stevens Point, Fond du Lac and other Chicago division cities evidently became so accustomed to the slow, out of date methods of the old W. C. that it now surprises them to note the enterprising manner in which a real railroad does business.

The construction of a line of its own into Milwaukee is said to be contemplated by the Soo line. The road recently signified its willingness to adopt the plan for the proposed Union station in Milwaukee. This is considered to mean that the road will construct tracks of its own into the city. At the present time the Soo enters Milwaukee over the tracks of the Chicago, Milwaukee & St. Paul railway, with which it has an agreement.

There is a well defined rumor in railroad circles that within a short time the railroads will announce the abandonment of all Sunday passenger trains. It is claimed this will be in line with the recent retrenchment orders of the roads.

## BUNDY WANTS POSTMASTER

Saturday, April 15, 1911.

The United States Civil Service Commission announces that on the date named above an examination will be held at Enterprise, Wis., at which it is expected to make certification to fill a contemplated vacancy in the position of fourth class postmaster, of class B at Bundy, Wisconsin, and other vacancies as they may occur at that office, unless it shall be decided in the interests of the service to fill the vacancy by reinstatement. The compensation of the postmaster at this office was \$340.00 for the last fiscal year.

Age limit, 21 years and over on the date of the examination, with exception that in a state where women are declared by statute to be of full age for all purposes at 18 years, women 18 years of age on the date of the examination will be admitted.

Applicants must reside within the territory supplied by the post office for which the examination is announced.

The examination is open to all citizens of the United States who can comply with the requirements.

Application forms and full information concerning the requirements of the examination can be secured from the postmaster at Bundy or from the U. S. Civil Service Commission, Washington, D. C.

Applications should be properly executed and filed with the Commission at Washington within 7 days before the date of the examination, otherwise it may be impracticable to examine the applicants.

U. S. Civil Service Commission.

## It's a Deere it's Right

JOHN DEERE  
 MOLINE, ILL.

Because its made right, by a force of skilled plow experts whose equal cannot be found in any other plow factory in the world. There are many different makes of plows, each claiming to be the best, yet the fact remains that three John Deere plows are in use to one of any other kind. The John Deere Factory, the largest in the world, turns out every year more plows than any five other factories combined.

**Standard of the World For Over 60 Years**

The Pioneer Plow Maker, John Deere, made his first steel plow by hand from the blade of a saw in 1837. The first slab of steel rolled in the United States was rolled for the John Deere plows by William Woods, of Pittsburg, in 1848. And ever since those early days Deere Plows have shown the way and maintained the lead in this great national industry. Is it any wonder that the farmers of the world express their verdict in the familiar phrase, "It's a Deere—it's Right."

We make over 1000 styles of plows, each as good as it can be made—the best that brains and perfect equipment can produce. No matter what your needs may be, we can supply them from our line.

Mr. and Mrs. Morganthau of Virginia City, Minn., are guests of Mr. and Mrs. Peter Dufraine.

The first three candidates to file their papers with the City Clerk were J. J. Verage for city clerk, Jay Russ for Street Commissioner, Wm. Gilley for alderman of 6th ward. The papers were filed today.

Mrs. Margaret McMahon and Patrick Leonard, who have been the guests of their brother, Owen Leonard, left today for their respective homes at Mattoon, Ill., and Mount Cello, Ia. This was their first visit to Rhinelander and their impression of the city was of the best.

**To the Voters:—**  
I wish to announce myself as a candidate for the office of City Clerk not as an individual, but as a member of the Social Democratic party, which believes that the worker should have the full social product of his toil; that human right should be above property right and that capitalism and wage slavery must go, and be substituted in its place co-operation and machine slavery. If elected to the office I will do everything within my power to bring about the much needed change.

As to my ability to handle the business part of the office I print the following letter, which speaks for itself.

**LYNN THOMPSON.**  
To whom it may concern:  
This is to certify that the bearer, Mr. Lynn Thompson, was a student in commercial department of the Duluth Business University for upwards of four months, during which time he acquired a sufficient knowledge of bookkeeping and its kindred branches to enable him to keep any ordinary set of books. We found Mr. Thompson a persevering, energetic student, and have reason to believe that he will be thoroughly reliable in any position of trust committed to him.—Very truly, W. C. McCarter

**SAYS THE HOUSE IS HOBSONIZED**

Hon. E. A. Morse Declares Hero's War Scares Impress Congress

By some strange freak of human nature it seems to be possible for one man who is intensely earnest on a subject and who in season and out of season works for a certain principle, whom he comes in contact.

Mr. Hobson of Alabama, was trained in the Naval Academy at Annapolis. He is obsessed with the idea that this country is about to be plunged into war. This idea has become almost a mania with him, and he continually preaches the doctrine on the floor of the House, from the lecture platform, and in private and public conversations. The result is that the House has apparently become convinced that Hobson is right, and the recent vote on the matter of fortifying the Panama Canal shows that the Members have been greatly impressed with Hobson's views.

When the question of fortifying the Panama Canal came up the House by an overwhelming majority voted in favor of fortifications.

Mr. Tawney of Minnesota offered an amendment, which provided that a part of the sum appropriated should be used for fortifications until the President had been requested to attempt to negotiate a treaty with the great powers of the world providing for the neutralization of the canal. This amendment was defeated by a vote of 123 to 81.

No one knows what the cost of these fortifications will amount to, but as near as it can be estimated at the present time, it will probably amount to nearly fifty millions of dollars, and it will require an annual expenditure of at least five millions of dollars to man, equip and maintain them. It is a fact that militarism is running riot in the country.

The congress had an opportunity this time to make a mighty contribution to the progress and advance of Christian civilization. Instead of doing so it decided to violate our treaty obligations. It decided to take a step in the direction of perpetuating the tremendous armaments of the world.

With our supremacy among the nations, with our marvelous resources and our magnificent opportunities to promote peace on earth and good will to men, we have cast our influence with those who believe in war, and we are burdening not only our own people, but the people of all of the great nations of the world with a weight of militarism that is bound to have a blighting effect upon the whole world.

Instead of founding a note of friendliness and national good will, we have sent forth a message of distrust and a challenge to all the world to prepare for war.

Instead of being a guarantee of peace, the great armaments are a menace to peace. They are a temptation to war, they are unnecessary and the crushing weight of these appropriations instead of lifting men up is bearing them down toward the level of brute creation.

Such policies exhaust the real wealth of the nation, they dissipate our most precious economic resources, and deprive us of the productive energy of thousands of able bodied men.

They tend to promote a spirit of rivalry among nations that now amounts to an international race for supremacy and war preparation.

Industrially, socially, economically the world is advancing, politically but from the stand point of preparation for war, we are clinging to the institutions of the eighteenth centuries. If we keep on with this tendency we will never reach the time when the war drums beat no longer.

And the battle flags are furled in the Parliament of Nations, "The federation of the world."

The following petition was read:  
To the Mayor and Common Council,  
City of Rhinelander:

We, the undersigned property owners  
do hereby petition your Hon. Body for  
to lay a 4 inch water main from Corner  
of Phillip and Messer street west on  
said Phillip street about 420 ft.

(Signed) Anton Kolstad and others.  
Moved by Ald. Swedberg seconded by  
Ald. Pecor that the petition be referred  
to the Board of Public Works and they  
to report on same at the next regular  
meeting. Carried.

The following was read:  
To the Mayor and Common Council,  
City of Rhinelander:

Gentlemen:—We, the undersigned  
property owners residing on South  
Oneida Ave. of your city, do hereby en-  
ter our objections and protest for the  
improvement with macadam of said  
South Oneida Ave from Atlantic street  
south to King street being approxi-  
mately about 430 ft. this being ordered  
done by your Hon. Body on May 3rd  
1910, as said street is at present time  
in a fairly good condition and was  
treated only a few years ago with a  
dressing of good gravel. If at some  
future time said street could be im-  
proved the whole length, it would be to  
the City's interest as well as every  
property owner on said street to have  
said work done.

(Signed) Richard Reed and others.  
Moved by Ald. Swedberg seconded by  
Ald. Cain that the petition be granted.  
Carried.

The following petition was read:  
To the Mayor and Common Council,  
City of Rhinelander:

Gentlemen:—We, the undersigned  
residents and property owners residing  
on Eastern avenue of your city do here-  
by respectfully petition you for to take  
proper steps and ordering the improve-  
ment of said Eastern avenue from Lin-  
coln street south to Baird avenue, by  
constructing thereon a first class maca-  
dam roadway with a combined cement  
curb and gutter on each side thereof.  
(Signed) S. C. Forsyth and others.

The following resolution was then  
read:

Resolved by the Mayor and Common  
Council of the City of Rhinelander,  
That Eastern avenue from Lincoln  
street to Baird avenue be improved by  
constructing thereon a first class maca-  
dam roadway with combined cement  
curb and gutter, and that the Board of

Public Works be instructed to procure  
plans and specifications for said work.  
Offered by Frank Pecor, Alderman.

Moved by Ald. Baker seconded by Ald.  
Gilley that the resolution be adopted as  
read. Carried all voting aye as the  
roll was called.

The following resolution was read:  
Resolved by the Mayor and Common  
Council of the City of Rhinelander,  
That the City Clerk be and is hereby  
instructed to notify the Rhinelander  
Power Company that the City will hold  
the Company liable under its contract  
for furnishing electric power, to the  
pumping station, for all additional ex-  
penses incurred by the city due to fail-  
ure of the Power Company to furnish  
sufficient power to operate said station.  
Offered by Frank Pecor Alderman.

Moved by Alderman Crosby seconded  
by Ald. Cain that the resolution be  
adopted as read. Carried all voting aye  
as the roll was called.

The following petition was read:  
To the Mayor and Common Council:  
We, the undersigned taxpayers do  
hereby respectfully petition you to or-  
der the laying of a standard cement  
sidewalk as follows:

On Randall street beginning at Itasca

street then north on the west side of  
the street to the intersection of Black-  
burn street, said walk to be built as  
soon as the weather will permit this  
spring.

(Signed) Chas. J. Keep and others.

Moved by Ald. Gilley seconded by

Ald. Hanson that the petition be

granted. Carried, all voting aye as

Miss Adelaide Gamm, of Water-  
town, Wis., writes, "After a severe  
attack of the Grippe, my system  
was in a very weakened, nervous,  
run-down condition. I took VI-  
NOL with the best of results,  
and it made me feel better and  
stronger than I have been for years."

"We have never sold in our store  
a more valuable health restorer for  
weak and run down persons than  
VINOL, and we ask each people in  
this vicinity to try VINOL with  
the understanding that their money  
will be returned if it does not do  
all we claim for it."

The following petition was read:  
To the Common Council, Mayor, City  
Clerk and other officers of the  
City of Rhinelander, Wis.:

We, the undersigned electors of  
the City of Rhinelander who voted  
at the last general election held in  
said city, as appears by the poll list  
of said election, hereby petition you  
pursuant to Section 925-25 of the Re-  
vised Statutes of 1898 as amended  
by Chapter 604, Laws of 1907, that

the City Clerk, City Attorney and  
Street Commissioner of said City of  
Rhinelander, for the terms of  
such officers commencing on the 1st  
day of May 1911, be elected by the  
electors of said City of Rhinelander  
at the next ensuing regular municipal  
election to be held in said city on  
the 4th day of April A. D. 1911, in  
the same manner in which other of-  
ficers of said city are to be elected  
at such election, and for subsequent  
terms of such officers in the manner  
above provided at each succeeding  
municipal election thereafter for the  
election of such officers, and that  
you give notice of, call for and or-  
der the election at said election of  
April 4th, 1911 and thereafter at each  
succeeding municipal election for the  
election of such officers, of the  
officers whose title of office is  
specified in this petition, as requir-  
ed by law. Signed,

Lynn Thompson and others.

### Black Silk Stove Polish

It makes old stoves look like new  
and lasts four times as long as any  
other shine. Don't imagine all brands  
of stove polish are alike. Black Silk  
is different. It's so much better than  
other stove polishes that there is ab-  
solutely no comparison. It's in a  
class all by itself.  
It makes a brilliant, glossy shine  
that anneals to the iron—don't rub  
or dust off. Give it a trial. Try it  
on your parlor stove—your cook  
stove or your gas range. If you do  
not find it the best stove polish you  
ever used, your dealer is authorized  
to refund your money.

Here is what some of the ladies write us:  
"I like Black Silk Stove Polish  
better than any I have ever used.  
People say, 'where did you get your  
new stove,' and I tell them I have  
Black Silk Stove Polish that makes it look  
like new."  
"I will not use any other kind when  
I can get Black Silk Stove Polish. It  
makes stoves look nice and stay nice  
longer than any other polish."  
"Black Silk Stove Polish is by far  
the best I ever used. I have tried  
many different kinds but find none  
as good."  
"I like Black Silk Stove Polish bet-  
ter than any I ever used. Several  
parties in this neighborhood are ex-  
cited to get some of your polish since  
they saw my stove after using it."

Ask your hardware and stove  
dealer for Black Silk Stove Polish.

PHOTOGRAPH ARCTIC SCENES

While at Escanaba Saturday, Wm. Conley witnessed the work of the Sellig Polyscope Co. in taking motion picture scenes of arctic life. The company has a troupe of sixteen people, including several genuine Esquimaux, posing for the various scenes. Among the subjects taken are polar bear hunts, Esquimaux religious ceremonies and other occurrences of life at the north pole. The performers do their stunts in the bay about half a mile from the Escanaba shore and the company carries its own scenery to give the features a real arctic effect. The Esquimaux have also built huts, such as they occupy in their own land, out of snow and ice blocks.

To the people of Escanaba the exhibitions are proving entertaining and draw big crowds of spectators daily.

## TELLS HOW TO GET SOCIALISM

Ameringer Explains the Problem In An Address Here Monday Night

"Socialism, What It Is and How to Get It," was the subject of an interesting discourse delivered by Oscar Ameringer of Oklahoma before a large sized audience at the City Hall, Monday evening. Mr. Ameringer, who is of German descent, has a keen sense of humor and illustrated his talk with witty remarks and bright bits of sarcasm. His arguments were logical and his speech throughout was received with the deepest interest by his hearers. It was a notable fact that the audience was composed chiefly of the working class and no representatives of the special privilege crowd were present. Had they been they would probably not have relished the stinging remarks which Mr. Ameringer directed toward them.

Socialism, he said, was for giving to each man just what he produced. It would take away no man's wealth, but would allow him to get no more except by earning it through rendering some service for society. It stood for the abolition of interest, dividends and unearned increment of every kind. It favored the ownership of the tools of production by the men who used them, and it did not believe in allowing the non-users to reap the benefit of the labor of the users merely because they owned the tools.

The socialist program was to have the nation own the trusts. The speaker asserted that the trusts are all right providing the people are inside them. Morgan and Rockefeller—like the trusts because they are on the inside. He proposed that the whole people get inside and enjoy the wonderful benefits of trust organization and system.

Mr. Ameringer explained that the trusts would be acquired by purchase at a fair valuation. Many of them would pay for themselves in a year or two, others in a longer period, but it would not be difficult to get the money. He instanced the case of the Standard Oil Company, whose entire capital could be paid back out of one year's earnings. The government, he said, could buy out the Standard, paying for it in bonds, run the business as it has been run for one year, redeem the bonds with the profits, which are at present substantially \$100,000,000 a year on capitalization of the same amount, and beginning with the second year could use this enormous surplus of earnings to increase wages and reduce prices. The speaker figured that at the present time each of the 12,000 employees of the Standard Oil Company was earning in addition to his own wages, \$8000 in profits for the Standard. He thought it would be possible to raise the wages of the average employee from \$500 a year to \$2500, and use the \$6000 remaining of what each man earned toward reducing prices to the consumer.

Mr. Ameringer assailed the capitalists and referred to Standard Oil as Rockefeller's grease company. He scored the newspapers controlled by the special interest gangs and said that in Milwaukee there was not one paper, out side of the Socialist organs, which dares to tell the truth on public questions. The editors and reporters were kept under the heels of their wealthy employers.

The speaker said that the laboring people of Milwaukee are wholly satisfied with the socialistic administration of that city, but that the capitalists and rotten politicians are not and they are the ones who circulate the reports that the city government under the socialists is a failure. He declared that every effort made by the socialists of Milwaukee to improve conditions there has been bucked by the moneyed men and their hired tools. He cited the case of Dr. Rucker, the health commissioner, who was forced to resign his office and return to the United States government, because of the untruthful and distasteful charges made against him in connection with an advertisement from the under world.

The speaker said that those who are knocking the Milwaukee administration are playing a losing game and that the city will again elect a socialist mayor at the next election. He also stated that in his opinion Minneapolis will also soon be in control of the socialists.

## I Challenge to Meet in Public Debate Any Ten or Less Citizens on This Topic

For months Rhinelanders readers have seen the constant expressions of praise for Doan's Kidney Pills, read about the good work they have done in this locality. Not another remedy ever produced such convincing proof merit.

Mrs. A. Gruebel, 823 Arbuthus St., Rhineland, Wis. says: I have used Doan's Kidney Pills and have found them to be just as represented. When I recommend this remedy, I know that I am praisng a good medicine for kidney trouble. I had an attack of this complaint and was suffering quite severely when I got Doan's Kidney Pills at Reardon's Drug Store. Soon after I began their use, the pain disappeared and I felt much better in every way. (Statement given May 31, 1907.)

Re-Endorsement

On November 2, 1910, Mrs. Gruebel said: "I gladly recommend Doan's Kidney Pills again. Whenever I use this remedy it brings the best of results and I have thus been convinced of its merits."
